MOUNTING SPECS.

If the occasion ever occurs that you need to change tires or use the space saver spare tire, you will find that a **special deep set socket** has been provided (taped to handle) to remove the Saleen wheels.

WHEELS & CARE

The wheels on your Saleen Mustang are a combination painted, clear coat and aluminum which need special care in cleaning. We recommend that to clean the wheels **use only mild soap and water or Eagle One "Factory Mag Special Finish (# C)** for best results that will not scratch or dull your wheel finish. We also highly recommend Eagle One products for waxing and detailing your car.

BUSHINGS

Your rubber sway bar pivot bushings have been replaced with polyurethane material to give better handling and a faster reacting sway bar. Because of this material, it needs to be **consistently lubricated with white lithium grease** to avoid squeaking. Extra care should be given after prolonged exposure to water from rain or wet streets.

BRAKES

The Saleen Mustang comes equipped with an adjustable brake proportioning valve located in the engine compartment on the passenger side near the firewall. This device has been preset for optimum performance by the Saleen technicians and should **only be readjusted by a qualified brake specialist**.

REAR WING

The Saleen competition rear wing is made from DuPont's new Centrex material which is very strong and durable. However, it was designed as an aerodynamic aid and **should not be used as a handle** to open and close the trunk. For better results, please use the actual trunk lid under the wing for opening and closing.

LET'S GO SALEENING!

SOEC INVITES YOU TO JOIN OUR CLUB

WHO ARE WE?

We are Saleen Owners and Enthusiasts in the United States and Canada.

WHAT ARE THE CLUB'S GOALS?

Our primary goal is to enjoy our Saleens. This enjoyment will come in many forms as the members share meetings, car shows, track events, going to races, as well as any other legal activity Saleen enthusiasts can dream up.

WHAT IS SOEC'S RELATIONSHIP TO THE SALEEN ORGANIZATIONS?

We have been officially named by Steve Saleen as the Owners & Enthusiasts organization for his vehicles. We worked hard to achieve this recognition and intend to work hard in the future to have a good working relationship with all of the Saleen organizations. We plan to hold 5 Regional Meets in each of the upcoming years which will include Steve Saleen's attendance.

WHAT BENEFITS SHOULD I EXPECT FROM SOEC?

Your membership includes decals, a membership card, and a quarterly newsletter. We mailed our first newsletter at the end of January, 1993. You will know, in advance, of all of the club's events. Wherever possible, we will arrange for discount event pricing. We have established a discount for members with Saleen Performance Parts. We are investigating additional vendors who will offer club members a discounted price. Look at our calendar below for our upcoming plans.

DO I HAVE TO OWN A SALEEN TO JOIN?

No. We are for **OWNERS** and **ENTHUSIASTS!** Not just for Owners.

WHAT ARE THE DUES?

Membership dues are \$25.00 per year and are renewable every twelve months after the month you join.

HOW DO I JOIN?

Remove this insert, fill out the application on the back, and mail it, with your dues, to SOEC at the address below.
