

435 S

2010 SALEEN 435 S

2010 SALEEN 435S SUPER POWER. SUPER VALUE. SUPERCHARGED.

The new, 2010 Saleen 435S is a limited-edition, high-performance car at an affordable price. It's for people who want an exhilarating yet refined driving experience.

Heart of the car's performance is its supercharged 4.6-liter V8 engine that produces a vigorous 435 horsepower and 425 lb.-ft. of torque. Its Saleen Racecraft performance suspension is designed to reduce body roll, provide nimble, precise handling and improve traction, while retaining the compliant ride of a good daily driver.

With long, low, sleek looks and an aggressive stance, the 435S sports a lightweight chin splitter and rear spoiler for improved aerodynamics. Interior highlights include a new, short-throw shifter; uniquely styled, driver-oriented gauges; and a Saleen logo embroidered on the head restraints.

Standard Features

Powertrain

- Engine: 281 cid (4.6L) 3-valve SOHC V8
- 435 hp @ 5800 rpm
